The PPO percentage of benefits is based on the PPO Schedule of Allowances.

Right Start 4 Kids: Covers children up to their 13th birthday at 100% with no deductible (for the same services outlined in the plan, up to the annual maximum, and subject to limitations and exclusions). The child must see a Delta Dental PPO or Premier provider to receive the 100% coinsurance. If an out-of-network provider is seen, the adult coinsurance levels will apply. Orthodontics is not covered at 100% but at the plan's listed coinsurance.

Important Note: This form provides only a brief description of services covered under your contract and does not list those services that are limited or excluded from coverage. Your employee benefit booklet provides a more complete explanation of your coverage, including limitations and exclusions. If differences exist between this summary of benefits and your employee benefit booklet, the benefit booklet will govern.
